LIKE AND UNLIKE.

Rockefeller's tall and bald—
So am I;
By dyspepsia he is mauled—
So am I;
And they say that Mr. Schwab
Sometimes leaves his little job
Just to watch a fishing bob—
So do I.
Harriman likes palace cars—
So do I;
Morgan favors black cigars—
So do I;
Cecil Rhodes, they say, would swear
When he bumped into a chair
That he didn't know was there—
So will I.
What I cannot understand,
Then, is why
Fortune must, on every hand,
Pass me by;
I've rich John D.'s appetite,
Like Carnegie I would write,
But I can't be like them, quite,
Hence this sigh.

New School Building!

Owing to the fact of the School Board's having bought the old Perkhouse (our warehouse) for the site for the new High School Building, we are obliged to move all our vehicles within the next 60 days; and we have figured that it would be better to sell them than to move, a storehouse in Maysville is pretty scarce just now, and besides it is very expensive to move four or five carloads of crated vehicles.

Therefore!

We are beginning today the most phenomenal sale of vehicles ever held in Maysville, and a word to the wise should be sufficient. "If you are contemplating the purchase of a rig of any kind, now is your opportunity."

Republican Ticket.

For President in 1908,
WILLIAM H. TAFT, OF OHIO.

For Vice-President,
CHARLES E. HUGHES, OF NEW YORK.

For Governor of Kentucky,
AUGUSTUS E. WILLSON OF LOUISVILLE.

THE open summer streetcars are with us, and the peek-a-boo shirtwaist is getting in shape for the open season.

Is THE millenium here, or are the skies going to fall? JOSEPH CLAY STYLES BLACKBURN, of Kentucky, born and bred a Rebel Democrat of the most uncompromising and most "inter-rified" type, declares that Kentucky will be in the Republican column next year and that Judge TAFT will be the nominee for President. Hooray! JOEY B. is devilish sly, don't you think? That \$10,000 poultice soon drew all the soreness out of the Kentucky Colonel.

MRS. JENNIE L. MAY, who was recently convicted of the shooting of LUCIEN CONEN, a member of the Marine Band at Washington City, and who abandoned her appeal to the higher Court from the sentence of Judge STAFFORD, requiring her to serve ten years in the Moundsville Penitentiary, was taken to that institution Friday. Mrs. May's husband is also a member of the Marine Band, and she shot CONEN in September, 1905, in a fit of jealous rage. CONEN was shot on the streets of Washington, but was taken to the home of his mother in Louisville, where he survived for over a year.

SENATOR BEN TILLMAN will be the attraction at Ashland, Ky., July Fourth, which assures a hot time in the old town. A treat is in store for all who hear BEN, and this is no ad.

PRESIDENT ROOSEVELT signed the commission of former United States Senator BLACKBURN as a member of the Isthmian Canal Commission at a salary of \$10,000 a year and expenses, and the same afternoon Mr. BLACKBURN declared for TAFT for President and said that Kentucky would go Republican next year. Evidently the President knew his business when he appointed Mr. BLACKBURN, and therefore is "de-lighted!"

THE newest wrinkle for treating the insane comes from the Quaker City. It is called the hydrotherpy plan, and is designed primarily for the treatment of cases of acute mania by a system of bathing, by which the body of the patient is kept completely submerged in running water for several hours, or for as long a time as is deemed necessary to effect a cure. The patient remains submerged for a period of from four to eight hours and a week if required, as the brutes in charge of the torture chamber, no doubt, work upon the theory that the poor victims are too crazy to feel the cruelty, and if they die in the water they are better off anyhow. The modern methods of caring for the insane leads to the suggestion that it would be more humane just to take the patients out in the back lot and shoot them.

TOLD THE TRUTH.

An Indian Territory Editor was running the motto, "We Tell the Truth," at the head of his paper. The other day, however, he was compelled to encounter several gentlemen who objected to the truth being told, and as a consequence the motto disappeared and the following inserted: "Until we recover from the injuries recently received, this paper will lie just like the rest of them."

Suit has been filed at Lexington by the State Board of Control for Charitable Institutions seeking to hold liable the estate of an insane woman for board at the Insane Asylum during the last twelve years.

WILLIAM HENRY SIMONS.

William Henry Simons died yesterday at his home at Moransburg.

He was 56 years of age and is survived by his wife.

He was highly respected in his neighborhood.

The funeral will occur tomorrow morning at 10 o'clock at his home, the interment being in Cemetery at Washington.

JACOB TURNIPSEED.

Mr. Jacob Turnipseed, a former resident of Maysville, died yesterday morning at Peebles, O., of pneumonia, in the 75th year of his age.

He leaves six sons, as follows: Prof. G. H. Turnipseed, of the Maysville Public Schools; Prof. S. L. Turnipseed, Superintendent of Schools of New Richmond, O.; Prof. C. E. Turnipseed, of this county; A. G. Turnipseed, attorney-at-law, Cincinnati, and Thomas and William Turnipseed, both of Cincinnati.

The remains will be brought to Maysville today and taken to the home of his son, G. H. Turnipseed, in Houston avenue, Sixth Ward.

The funeral will occur tomorrow, Friday, morning at 10 o'clock.

Interment in the Maysville Cemetery.

R. E. POGUE.

One by one the pioneer and stalwart sons of Mason county, who blazed the way for early civilization, are passing to their reward and eternal sleep.

R. E. Pogue, one of the county's wealthiest and representative farmers passed away this morning at 3:30 o'clock, at his home near Mayslick at the advanced age of 80 years.

He was born in the immediate vicinity of Mayslick, October 30th, 1827, where he had spent his long and useful life, respected and loved by all his neighbors and friends.

He leaves a widow and two children—Mrs. Lizzie Jefferson and Mr. E. P. Pogue.

The funeral takes place tomorrow afternoon at 2 o'clock from the house, with services by Rev. A. H. Lindsay, of Flemingsburg, and Rev. R. M. Giddens of Mayslick.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. P. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

KICKERS' CORNER

If any one at any time for any reason has any cause to "kick" in any way at anything of any kind, here's the place to say his say. The door is open—walk right in and help yourself, free gratis and for nothing—but don't make your "kicks" too long—it's the short, quick fellows that count—and out.

The name of the kicker must accompany the kick, or it'll be kicked into the waste-basket.

March 24th, 1907.

Mr. Editor: "Contractor," in your issue of March 12th, makes some complaints and appears to be afraid of newspaper controversy. He should not be, but if he knows of any graft or incompetency let it come to the front. The people are demanding, and are going to have, good roads, and the sooner we expose and get rid of every incompetent, the sooner we will have Good, Smooth Roads.

Tell it all, Contractor. We believe the road funds to be amply sufficient, provided, (what we will denominate without wishing to offend anyone) "turnpike brains" is used with the metal and muscle that is being annually expended upon our more than 300 miles of magnificent road-beds, throughout our county.

In a former kick we referred to some defects of our road repair system. We call especial attention to a nuisance (of a score of years standing) just below the Bull Creek Schoolhouse. Any good road Committee would immediately put in a culvert there. We here suggest that cement be the material used instead of stone and timber.

Why not use cement on all our stone and small wooden-top culverts? Enlarging the smaller ones when necessary, thus making space for overflowing water. This road is kept out of repair the year round by the imbecile practice of splashing a lot of too largely broken stone all over its hard surface, instead of putting them in the ruts where they were actually needed.

The Cabin Creek branch of this same road and the Owl Hollow road have always been treated in the same idiotic manner; the latter being treated when constructed, to one of those monumental nuisances, a graded water crossing, at the foot of the Fletcher Hill.

The Springdale road has been mismanaged in a more disgraceful manner because of the fact (that an abundance) of the best creek gravel has always been obtainable at about one-third the cost expended by the "Boovus." The present disgraceful condition of this road is not from wear and tear of traffic, but from the mode of repairs in practice.

Miss Sallie S. Wood leaves today for New York.

Attorney Samuel Holmes was down from Carlisle Tuesday.

A. R. Howard was registered Tuesday at the Dennison, Cincinnati.

Mr. Thomas Prather of Millersburg is visiting relatives in this county.

Mrs. Pat O'Maley of Carlisle visited relatives and friends in this county the past week.

Mrs. Blackerby of Germantown is visiting Mr. U. S. Pepper and family of Millersburg.

Miss Lucy McLaughlin of Covington arrived yesterday and is the guest of Mrs. Robert Picklin of East Third street.

Miss Sallie Shanklin of the county, who has been visiting her sister, Mrs. W. L. Piper, at Carlisle, has returned home.

Miss Mae Comer of this city and Miss Margaret Coughlin of Germantown are home from Cardona to spend Easter Sunday.

Miss Carrie Rye, of Needmore, returned home yesterday afternoon, after a pleasant visit of two weeks with friends and relatives in this city.

Miss Mary Wilson, who has been visiting her mother and other relatives in Michigan and Chicago since Christmas, is expected home today.

Mrs. C. A. Collins and little daughter of Colick have returned home after a visit with parents, Mr. and Mrs. W. H. Hise of Carrollton.

Mrs. Harry Richardson and children returned from Covington yesterday, where she has been for a month with her sister, Miss Carrie Morford, who has been seriously ill. Miss Morford accompanied her home where she will remain until further improved in health.

About \$725 was subscribed by the school children of the state toward the erection of the Kentucky building at the Jamestown Exposition.

Joseph F. Walton, official grader of the Society of Equity tobacco warehouse in Fayette, reports that since he began work a few weeks ago, he has graded over 800,000 pounds.

Mason Circuit Court.

On the convening of the Court yesterday morning the Jury in the Goodge-Lindsay murder trial was completed by the acceptance of G. W. Laycock as the twelfth man.

Both Commonwealth and defense are making strenuous efforts—one for conviction and the other to escape the hangman's noose.

The accused is anything but prepossessing in appearance, and his restless, furtive glance, as he scans Judge, Jury and lawyers, is not unlike that of a wily animal at bay. His manner of speech, however, is not altogether unpleasant, and he tells his story in well connected sentences. In detailing the circumstance leading up to the killing he spoke of the crap game. He said: "Lindsay flipped a nickel, I faded him; he tossed up again, and I faded him."

The vernacular of the witness was something new to the half dozen pretty assistants to Miss Johnson, the Court stenographer. The word, "faded" was evidently not down in their lexicon, for when the coined expression was repeated each and every one of them tossed their shapely heads to an angle of 45°, as much as to say, "What does the man mean, anyway?"

The trial is still in progress and will probably consume the greater part of today's session.

The summoning of twenty-nine of the citizens of Dover to appear before the Grand Jury was something on the order of a "tempest in a tea pot," and was the result of idle chatter that too often causes needless trouble.

Information had been lodged with the Commonwealth's Attorney to the effect that the Prohibition town of Dover was being overrun with bootleg dispensers of red liquor, and the majesty of the law flagrantly violated by other evil disposed persons treating and putting to his neighbor's lips the flowing bowl, all of which, upon investigation by the Grand Jury, proved to be fallacious and utterly false. It is known by all men that Dover has been prohibitory territory for the past 22 years, and not a drop has been permitted to be sold in the town in all these years, knowingly; yet they do say, the

burg is not without an ample supply in case of a snake bite or an attack of colic.

Thomas Ryan, for permitting gambling on his premises, was fined \$400; same for selling liquor to a minor, two indictments, \$50 each.

ENGAGEMENT ANNOUNCED

Former Mason County Minister to Wed Falmouth Lady

The following is taken from a recent issue of The Falmouth Pendletonian, the groom-to-be being formerly Pastor of the Christian Churches at Orangeburg and Tollesboro—

"We are authorized to make formal announcement of the approaching marriage of Miss Mildred Chiles Bradford to the Rev. Charles W. Barnes. The nuptials will be celebrated on the afternoon of Thursday, April 11th, at 4 o'clock, at the Falmouth Christian Church. Cards will be issued to friends at distant points only, and all friends of the contracting parties in this city and surrounding country are cordially invited.

This denouement, while anticipated by many of their friends, nevertheless comes in the nature of a pleasant surprise and will be hailed with delight.

The groom-to-be is the talented young Pastor of the Falmouth Christian Church, a native of LaRue county, Ky., a gentleman by birth and education, and a pious, godly man, who is meeting with fine success in his high calling. His affianced bride is one of our city's loveliest daughters, a handsome brunette, sweet and amiable, and of high intellectual attainments. She is a sweet singer and thoroughly domestic, possessing every attribute of heart and mind that is calculated to bring sunshine and happiness into the life and home of the man she adores.

This engagement is the fruition of a courtship extending over a period of almost one year. We are pleased to extend our congratulations in advance of the nuptials.

SHORT TALKS BY L. T. COOPER.

CONSTIPATION.

I can tell a person who is constipated on sight. Their complexion is pasty or yellow. Their eyes are dull, and they look and feel sleepy. Nowonder they do. The bowels are a sewer. They carry away the poisonous refuse. If they don't act the poisonous matter is absorbed by the body, and headaches, dullness, bad complexion and eventually serious troubles result.

There is no better rule for good health than that the bowels should move every day at the same hour if possible. Regularity can be acquired by making a habit of this. Foolish people neglect this and when chronic constipation effects them they take pills every few days to force the bowels to perform their natural function. As years go on they require more and more pills. This should be stopped. Cooper's New Discovery will build up the stomach and cause the bowels to act naturally. While taking the medicine get the habit of regularity, then gradually stop taking the medicine.

Here is a sample of letters from those who have tried it:

"For sixteen years I have suffered from stomach and liver trouble, and chronic constipation. I had frequent headaches and always felt tired and worn out. I heard of Cooper's New Discovery and began its use. After I had finished one bottle I was wonderfully improved. Constipation gave way to a pleasing regularity of the bowels and I ate better, slept better and felt better than I had for months. It is the greatest medicine I have ever known." Samuel Booren. 1742 Munsey Ave., Scranton Pa.

Our customers who have used them say the Cooper medicines do the work. We sell them.

MANY BASEBALLS

Big Teams Use Over 30,000 Every Season—How They Get Away.

More than 30,000 base balls are used a season by the teams in national agreement leagues. The New York and Chicago teams each use in the neighborhood of 60 dozen balls a season for the home games, an average of nine balls a game for those scheduled on the home grounds. That seems like a good many balls, but there is plenty of use for them.

A couple of new balls are handed to the umpire when the game begins, new ones are thrown out when those knocked over the fence do not return promptly, two or three new ones are given the pitchers before each game for limbering up and sometimes balls knocked into the crowd mysteriously disappear.

The gage marks 28.9 and falling.

Abraham Wolf, one of the best-known mates in the employ of the Monongahela River Consolidated Coal and Coke Company, was accidentally drowned near Pittsburgh a few days ago while endeavoring to save a sinking barge. Wolf had the reputation of having escaped more fatal steamboat accidents than any other man of his section. He was mate of the Charlie Brown when that boat burned, and barely escaped with his life. He was transferred to the H. M. Hoxie just previous to the fatal trip of that boat when she exploded near Portland April 8th, 1906, and Wolf escaped with few injuries. His right arm was broken in three places by the parting of a cable while he was working on the Iron Age, and he was in the Mercy Hospital as a result. Every effort was made to recover the body.

Things I Have For Sale

A splendid farm of 216 acres, well improved, located on good turnpike a short distance from Augusta in Bracken county.

Also, another well improved farm of 163 acres, located in Bracken county, on good turnpike, about 2 miles from Germantown. These are among the best, if not the best, and most desirable farms in Bracken county. They will not be long on the market, and if you are interested you should manifest your interest at once.

I also have for sale a good business proposition in the city of Maysville, involving a capital of about \$2,500. If you wish to embark in a business that is conducted upon a cash basis with a good margin of profit on all sales and well established you should not overlook this opportunity.

The owners of farms who wish to sell are now beginning to list their property for sale, agreeing to give possession this fall or next spring, as purchaser may desire. Do you wish to sell anything? If so, now is the time to let it be known, and my agency is the best medium through which to make buyers acquainted with the fact.

I have two very desirable homes on Third street, between Market and Plum streets, in my hands for sale. Also, a good Fourth street house; and, in fact, houses and lots distributed over the entire city.

It will afford me pleasure to have you call and I make inquiry about anything that may interest you.

GOOD NEWS.

Many Maysville Readers Have Heard
It and Profited Thereby

"Good news travels fast," and the thousands
of bad back sufferers in Maysville are glad to
learn that prompt relief is within their reach.
Many a lame, weak and aching back is bad no
more, thanks to Doan's Kidney Pills. Our citi-
zens are telling the good news of their experi-
ence with the Old Quaker Remedy.

Here is an example worth reading:
John Wallingford, living at the corner of
Commerce and East Second streets, Maysville,
Ky., says:

"I first procured Doan's Kidney Pills in 1896
and they stopped an attack of backache which
had annoyed me for some time. My wife at
that time gave for publication in our local pa-
pers a statement telling of the great benefit I
had derived from Doan's Kidney Pills, and now,
some five years later, I can say that the cure
then effected has been complete and permanent.
My back and kidneys have never given me the
least cause for complaint. Mrs. Wallingford
also appreciates the value of Doan's Kidney
Pills from personal experience with them. She
suffered most acutely with backache, especial-
ly at night, and Doan's Kidney Pills promptly
thoroughly cured her."

For sale by all dealers. Price 50 cents a
box. Foster-McIlburn Co., Buffalo, N. Y., sole ag-
ents for the United States.

Remember the name—Doan's—and take
